EDITOR'S LETTER:

Thank you!!! Thank you for believing in my insanity or my creativity or something like this! I'm not making this magazine, or other creations, to make someone happy or glad to me. Firstly, I'm doing it because I like what I'm doing. But obviously, if someone appreciates what I'm creating, I feel like a hug, and I'll say, "Thank you!".

This edition is not like the others. It's more faithful to my original idea, making a photographic magazine. Just a photographic magazine. And it's this.

However, evidently, I can't end this editor's letter without reminding you about what is happening in Ukraine or Palestine or Lebanon or Syria, and even the USA, because the new president there is more than a terrible person. And other things... We need to scream, not a stupid scream, but a strong scream for the people who are suffering in these lands. This is our world.

And this is my magazine. So, happy new year! Merry Christmas! You're a beautiful person! The uglies don't like this magazine!

Christian is dead... But his history is alive. 18 poetries are telling what happened with this guy. Even under the ground his voice echoes. It's a book about death, life, love, hate, happiness, sadness... and what you feel.

My first book is available for sale on Amazon.
